EDUCATION

M.Kumarasamy College of Engineering

B. Tech Artificial Intelligence and Machine Learning

Current CGPA: 8.0

R.K.V Senior Secondary School

June 2022
Percentage: 75.6%

June 2026

Coursework

Courses: Object-Oriented Programming, Data Structures & Algorithms, Database Management Systems, Internet Programming, MERN Stack, Computer Networks

$S{\tt KILLS}$

Languages: Python, Java, JavaScript, PHP, HTML, CSSTools: Git/GitHub, Pycharm, VS Code, MySQL, Bootstrap

Frameworks: React, Node.js

Projects

Bus Tracking Website | HTML, CSS, JavaScript, PHP, Node.js, MySQL, Google Maps API

Feb 2024

- Developed a real-time bus tracking web application with live tracking using Google Maps API.
- Designed a responsive, user-friendly interface compatible with desktops, tablets, and smartphones.
- Utilized MySQL for database management and PHP/Node.js for backend functionality, deploying the website on 000webhost.

Complaint Management System | HTML, CSS, JavaScript, PHP, MySQL, Bootstrap August 2024 - Present

- Developed a web platform for managing and resolving complaints with user authentication and role-based access control.
- Designed an intuitive dashboard for users to lodge, track, and manage complaints, using MySQL and PHP for backend functionality.
- Ensured responsive design using Bootstrap and hosted the project on GitHub for version control and collaboration.

Experience

Technology Innovation Hub | Developer

May 2024 – Present

- Developed internal projects to address campus needs and requirements, integrating the MERN stack and Laravel framework.
- Led a team, conducted client requirement meetings, performed testing, and deployed dynamic web applications and websites.
- Ensured responsive design and functionality across multiple websites for both internal use and client projects.

Muskurahat Foundation | Volunteer

Aug. 2023 – Sept. 2023

- Volunteered in an internship to raise funds for underprivileged children across India to support their education.
- Created awareness for the cause by organizing campaigns, distributing brochures, and conducting door-to-door outreach.

Co-curricular Activities

- Organized the technical debate Speak Up! as part of the Google Developer Student Club for the Karur Local Chapter.
- Volunteered in marketing and social media engagement for promotions of the inter-college hackathon Nebula Nest.
